geometric curtains

Bauhaus Studio is a modern geometric curtain collection inspired by the Bauhaus philosophy of clarity, balance, and purposeful design. Rooted in structure yet softened for contemporary living, the collection translates architectural thinking into calm, livable surface patterns. Each design explores line, form, and repetition—grids, stripes, lattices, and abstract geometrics—reinterpreted through hand-drawn textures and subtle irregularities that add warmth and tactility. The compositions feel deliberate and disciplined, yet never rigid, allowing the geometry to breathe within the space. From a distance, the curtains read refined and understated; up close, layers of rhythm, variation, and thoughtful detailing emerge. Bauhaus Studio is designed for interiors that value order without austerity, offering a quiet visual strength that complements both minimal and modern homes. It is a collection where function meets artistry, creating timeless surfaces that feel architectural, balanced, and effortlessly contemporary.
